No cost for the first incident; \$15 repair fee for the second and <u>full repair costs</u> for additional incidents(after second). 3. Power cord: \$35 (not covered by insurance) 	<p>NON-INSURED:</p> <ol style="list-style-type: none"> 1. Total replacement for a Dell Chromebook: \$290 2. Cracked or damaged screen: \$60 3. Damaged keyboard/touchpad: \$60 4. Damaged keyboard: \$50 5. Other repairs at actual cost 6. Power cord: \$35

Overview

The 1:1 Chromebook program will allow students in grades 6-12 to check out a Cuero ISD Chromebook for use at school and home.

What is a Chromebook

Chromebooks are laptop computers that run ChromeOS, an operating system developed and maintained by Google that is essentially just the Chrome web browser. We are currently utilizing a Dell Chromebook 3110 or 3100. The Chromebook will allow students to use Google Docs, Sheets, and Slides for coursework, access to the internet, and file storage in the cloud.

What is issued to the student

Each student in grades 6-12 may check out a Chromebook along with a power adapter, cord, and a protective case. The Chromebook and its accessories are the property of Cuero ISD and are checked out through the campus library system.

Chromebook Checkout

Parents/Students will be notified before school starts with the dates/times for checkout. Before a Chromebook is checked out to a student, both parent/guardian and student must sign the device agreement form and have the option to purchase annual insurance.

Training

Students will be trained on how to use the Chromebook by their teachers. Training videos will also be available on the school website under the Student tab.

Parent/Guardian Responsibilities

Cuero ISD makes every effort to equip parents/guardians with the necessary tools and information to ensure the safe use of Chromebooks in the home. The device will be checked out to the student until he/she graduates or withdraws from Cuero ISD. Responsibilities assumed by the parent/guardian:

- Ensure student is bringing the Chromebook to school every day fully charged.
- Ensure student is caring for the Chromebook in a manner that protects the device from damage.
- Ensure that the school is notified of loss or damage following the procedures outlined in the document
- Monitor student use of the Chromebook at home and away from school. Being present and involved is the best way to keep students safe and on task.
- Develop a set of rules for Chromebook use at home. Only allow use in a common area of the home.
- Avoid leaving the Chromebook in extreme heat or cold.
- Ensure that the case remains on the Chromebook at all times

Be aware that the Internet content will be filtered by the Cuero ISD content filter at all times (at school and away from school). CISD makes every attempt to filter and block inappropriate material. Monitoring student activity is key. Students have no expectation of confidentiality or privacy with respect to the usage or content of the device.

Using Your Chromebook

The Chromebook is intended for use at school each and every day. Students are responsible for bringing their device to all classes. While in class, students are expected to comply with all school rules, policies, and teacher directives when using their devices.

If a student leaves the Chromebook at home, he/she is still accountable and responsible for turning in all coursework, completed in the required time frame. If a student repeatedly leaves the Chromebook at home, they may be subject to disciplinary consequences.

Students are encouraged to use their Chromebooks at home. A wi-fi internet connection will be required for the majority of Chromebook use, however, some applications can be used while not connected to the Internet. Cuero ISD is not supplying internet hotspots for home use. Printing from the Chromebooks is not supported.

Student Responsibilities

- Students are to handle the device with appropriate care and use reasonable precautions to protect and maintain the device.
- Bring the Chromebook to school every day fully charged. Chromebooks should be charged nightly.
- Do not place food and/or liquids near the device.
- Do not stack heavy objects on top of the device (ex. textbooks). Use caution if placing in a backpack with heavy books.
- Do not write, draw, or place stickers on the device or case.
- Do not expose the device to direct sunlight, or extreme temperatures, or leave it in a vehicle or any other unsecured place.
- Do not obstruct the device's vents, and do not place the device on surfaces such as paper or carpet while it is turned on.
- When walking from class to class, the device must be properly closed and secured.
- Do not apply pressure to the screen, even when cleaning.
- Do not poke the screen with anything.
- Do not place anything on the keyboard before closing (ex. papers, pens, paper clips, etc.).
- The Student Responsible Use Technology Agreement (RUTA) is applicable to all use of this or any other district device, network, or system. The RUTA is included in the student handbook.
- Use of a device is a privilege that can be ended and this agreement terminated at any time at the recommendation of campus administration. In the event of termination, the device fee will not be reimbursed.
- Only use a clean, **dry** cloth to clean your Chromebook.
- This device will be checked out to you until you graduate or withdraw from CISD - take really good care of it!!

Checking In Devices

- Students will keep the device over the summer break.
- If a student withdraws during summer break, either email helpdesk@cueroisd.org or contact the campus office to set up a time to turn in your device.
- If a student withdraws during the school year, turn in the device and its accessories to the campus office.
- If a student is expelled, turn in the device and its accessories to the campus office.
- Failure to return the device will be considered theft of District property.
- Additional fees may apply if the device is returned damaged or with missing accessories.

Help with your Device

- Helpful videos and frequently asked questions can be found under the Digital Resources tab on the school website at cueroisd.org.
- Email the Help Desk at helpdesk@cueroisd.org
- Device must be brought only to District personnel for any repairs or troubleshooting.
- If a device is lost or stolen, email the helpdesk and complete a police report within 3 days of loss.
- District-issued devices are configured to work only with District provided logons and are re-enrolled to the District management systems even if wiped.
- The District has the right at any time to request a visual inspection of the equipment or to work on the device if needed.
